

Tax Agent (Nouzei Kanrinin)

A taxpayer who does not hold an address in Japan is required to appoint a tax agent. This tax agent is responsible for tax payments, and can receive forms related to taxation and refunds, and make tax payments on behalf of the taxpayer. There is no restriction on who can be appointed, so it is also possible to appoint a friend.

Please submit the tax agent notification/application form for approval to the prefectural tax office that has jurisdiction over the area where the land/property is located. The forms are available to download from the Kyoto Prefecture website:

<http://www.pref.kyoto.jp/zeimu/11600008.html>. *The website is in Japanese only.
